## Logan's Hideaway – Sensory Room

A Sensory Room is a therapeutic space that provides a safe environment for the person using it to explore and interact without risk.

The room has a range of stimuli to help individuals develop and engage their senses while also helping them to stay calm and focused.

*These rooms include lights, colors, sounds, and sensory soft play objects.*

Individuals with Autism, Developmental Delays, Communication Disorders, anxiety, Alzheimer's, Dementia, and other special needs could benefit from this therapeutic environment.
